ABOUT WHEELWORKS ARTS

WheelWorks Arts is a youth arts charity working with children and young people aged 4 to 25 who encounter barriers to accessing the arts.

(www.wheelworksarts.com/artcart)

We work in partnership with all types of communities throughout Northern Ireland to provide workshops and issue-based programmes that encourage young people to learn new skills and express themselves through creative and digital artforms. In 2022/23, the ArtCart delivered 131 workshops to 3,064 young people across the country. This outreach work was rated by young people (on average) 4.6 out of 5 stars.

ABOUT THE ARTCART

ArtCart is our outreach and community engagement programme and part of our social enterprise activities.

It is also the name we give to our unique ArtCart vehicle which can travel anywhere in Northern Ireland, serving as a fully equipped mobile arts space. The ArtCart programme gives us an active presence in the community, in public spaces and at festivals and events.

WHAT WE CAN OFFER YOU

We can cater for any event, theme or programme, so to ensure you get the right type of creative activity please look at the information below:

YOUTH & COMMUNITY

Whether it's a community fun day, a summer scheme, or a community project, we bring fun-filled facilitation to your event. If you are hosting a youth or community outreach event, themed activity, or local celebration, ArtCart can add a creative edge.

We tailor all our workshops to meet youth priorities as we continue to raise the standard for youth and community arts facilitation.

EDUCATION & TRAINING

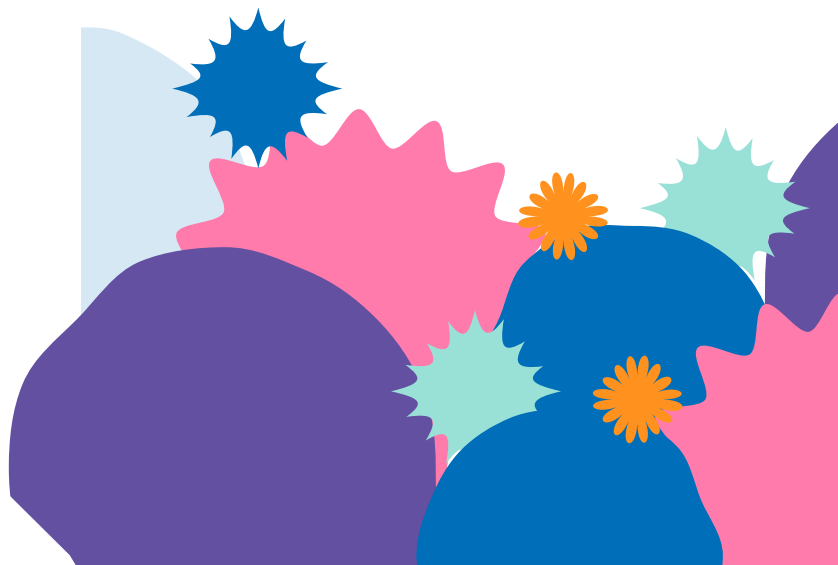

Designed to impart skills that will enhance and support the curriculum, we provide a range of activities that will run over several sessions within an educational setting, such as a school, college or youth centre.

Additionally, we provide training workshops and CPD sessions for teachers, youth workers and community leaders.

FESTIVALS & EVENTS

For events with a high footfall and quick turnaround, creative activities - like VR arts and gaming, DJing and music performance, or costume making and face-painting - can bring energy to any occasion. Whether you are in a large centre, marquee, or out in the elements, we have all the equipment and expertise to entertain your attendees.

Better still, if your festival or event is in a remote location or taking place in a field, our ArtCart vehicle can transform into a mobile venue or stage to host performances, arts and digital activities.

ARTS & CRAFTS

FABRIC PAINTING & DYEING

Tie-dyeing is the trend that never goes out of fashion! Learn all the techniques of dyeing, painting and textile design in our fabric workshops. These sessions will leave you with a unique, one-of-a-kind piece which you can wear with pride.

STICKER & BADGE MAKING

Stickers and badges can be designed by hand or with digital software, and the badge machines are super fun to use! You will leave with a unique creation that you can keep forever.

PRINT MAKING

Design and create your own foam or jelly template before creating your own artwork in multiple forms. Designs can be printed on material or paper, which can then be used to make original pieces of art.

ILLUSTRATION, ZINE MAKING & COMICS

Learn specialist paperfolding, and create your own book. Choose between a comic, zine or personal diary for documenting all of life's wonders!

GRAFFITI & SPRAY PAINTING

This is where drawing on the walls is allowed! Learn the skills and techniques of spray painting, graffiti tag design and personalised stencils. Then sit back and marvel at your personalised wall mural.

PAPER CRAFT

Get creative and celebrate all those special moments and festive seasons with homemade cards and origami gifts. Paper art is an undervalued art form, and it develops the skill of patience as you mindfully turn an everyday item into a beautiful piece of art.

PHOTOGRAPHY & FILMMAKING

360 FILMING

Create a 'wow' moment by shooting photos and films in 360°. You'll be able to capture every detail of your surroundings and your images can be viewed digitally or in virtual reality.

INTRO TO PHOTOGRAPHY

Find out about the basics of photography using a wide range of camera equipment, such as DSLR cameras, 360° cameras, disposable cameras and Polaroid cameras.

LIGHT PAINTING

Use light sticks, rings, and finger lights to create beautiful light paintings by experimenting with the creative potential of slow shutter speeds.

STOP MOTION ANIMATION

Learn how to take any object, such as Lego figures, clay sculptures, or paper puppets, and turn them into moving animations.

STORYBOARDING, FILM & EDITING

Take the first steps towards your Oscar-winning film or documentary! Learn the basic techniques of filmmaking including storyboarding, shooting, editing, and post-production.

PERFORMANCE & DRAMA

IMPROV

Develop the amazingly playful skill of improvisation and express yourself in ways you've never before experienced! Improv is often seen as something to fear, but just say yes to our fun games, you'll soon be building your confidence and participation skills.

DANCE

Grab your dancing shoes and let's boogie! Our professional dancers will support you to choreograph your own dance. Whether it's for fun or a public performance, we will have you moving in perfect step.

PUBLIC SPEAKING

Take the nerves out of public speaking with this specialist workshop. Build your confidence, and learn how to communicate effectively in any public setting. Whether you have a job interview or a group presentation, you'll feel 100% ready to wow the room!

SCRIPT WRITING

Take your creative writing to the next level and create your own script. Discover the skills of story-boarding, scene blocking, and character development. You create the world, and we'll help you to document your story.

MAGIC

Get an introduction to the mysterious world of magic, and amaze your friends with skills of illusion and sleight of hand. Learn the tricks of the trade with the WheelWorks sorcerer!

COMEDY

Ever tried to make people laugh on demand? Comedy is harder than it looks! Learn the basics of stand-up comedy, and get any room rocking.

MUSIC & DJING

DIGITAL MUSIC

Unleash your inner music producer and make your own tracks. Create drum patterns, loops, and vocal samples to build your own music track using the latest music software.

PODCASTING

If you've got something to say, you've got a podcast! Whether it's for work, pleasure, or as a new hobby, learn how to plan, produce, edit and share your production with this amazing workshop.

INSTRUMENT MAKING

Start your own orchestra from scratch! This workshop will help you design, make, and play homemade instruments from every day and recycled items and materials.

DJING

Learn the basics of professional DJing — scratching, crossfading, beat matching and looping — using professional mixers and software. Rave on!

DRUMMING

Discover the exhilarating world of drumming and percussion in our electrifying workshop. Unleash your energy on electronic drum pads, and learn the rudiments of rhythm.

DIGITAL ART & GAMING

VIRTUAL REALITY

Discover new virtual worlds! VR is not just for gaming — practice your graffiti skills and showcase your work in a shared art gallery. We have VR headsets, interactive gloves, and shoes to provide the most immersive experience.

AUGMENTED REALITY

Bring the digital world to life by designing filters and creating models in Augmented Reality. Use our 'Magic Paper' — turn your drawing into a 3D moving image — discover how technology can change our physical world.

CODING & GAME DESIGN

If you love video games, why not develop a level in Roblox or create a movie in Minecraft. These workshops are packed with skills for designing, building and testing your own computer games. If you can imagine it, you can build and play it!

CARTOON ANIMATION

Using iPads, Apple Pencils, and your imagination, learn to design and create your own cartoons and animations.

GAMING

Whether you want to team up with, or compete against, your friends, we have the video game to suit all tastes. We offer multiplayer Nintendo Switch, PlayStation 4, and VR games to entertain any kind of crowd.

BOOKING THE ARTCART

We create personal experiences that fit your needs and budget. We work hard to ensure that you get the best value for money. Your budget enables us to customise our workshops to meet your needs and expectations.
